

Compound Switchit

Compound Switchit packs 1 and 2 show students clearly how words are put together to form new words. This used to be a rather slow process where words would often first be linked via a hyphen and then brought together as a new word. These days, because of the internet, every thing is speeding up and we often have words in 3 forms at the same time such as “race horse”, “race-horse” and “racehorse”. Children learn a lot of useful vocabulary with these games.

70 cards in each pack at 1,200 yen per pack.

COMPOUND SWITCHIT RULES

1. Deal 7 cards to each player.
2. Place the pack facedown, turn over the top card and place it by the pack.
3. Each player in turn plays a card, calling out the sound and word, which matches the color or sound of the previous card.
4. A Switchit card changes the color or sound of the card to be played.
5. If a player cannot play, then a card is taken from the pack.
6. The object of the game is to get rid of all your cards.
7. Remove pack after a winner is found and continue playing.
