

Switchit Samples and Vocabulary Lists for Level 5 Packs 1-5

Is there a better way of learning vocabulary, spelling and practicing phonics? Your students will happily play Switchit for years and years and when the teacher chooses a pack of cards it is with confidence that her students will be able to decode the vocabulary and learn any new words just by playing the game. Lots of useful words, lots of reading and lots of fun.

Level 5 completes the "Regular Switchit" series by bringing together a further 30 graphemes and 300 words giving your students the ability to decode almost any common word in the English language, giving them access to libraries of books. Phonics usually needs years of reinforcement and these cards are just what the teacher requires for such a task. This new edition has been expanded and redesigned and is available through ETJ Book Service and directly from the designer/producer.

There are five levels of Regular Switchit at 1,200 yen per pack of 70 cards

SWITCHIT RULES

1. Deal 7 cards to each player.
2. Place the pack facedown, turn over the top card and place it by the pack.
3. Each player in turn plays a card, calling out the sound and word, which matches the color or sound of the previous card.
4. A Switchit card changes the color or sound of the card to be played.
5. If a player cannot play, then a card is taken from the pack.
6. The object of the game is to get rid of all your cards.
7. Remove pack after a winner is found and continue playing.
